Dearest Lady,
Respected Protector of our son Andreas,

We cannot find the real words to tell you how deeply sorry we were to learn this sad news of your husband's death, Andreas was so moved, he could not believe it and cried very much as he knew what a nice man his protector was, we send both our deepest sympathy, these are the only words we can write to you, ~~xxx~~ our village ~~we~~ knew the help your husband has given for Andreas was in the mourning, our son will go next autumn to the 1st Class of the High School, thanks to your husband help, many thanks once again.

Andreas's mother is also seriously ill suffering on the kidneys, we must go two or three times each year to Athens and visit a specialist, we think she must have an operation this autumn.

Thanking you once again for your interest in our boy, we send our love

Andreas's parents,
Basil & Andreas Karacostas.
